

KAB KLIP

Product Code: KLIPKAP

Product Overview

Nylon clip that holds support wire above AG beams, preventing galvanising wear; available left & right variants.

Key Features

- Keeps wire off AG Beam to reduce wear
- Wire free-running for easy strain adjustment
- Fix with cable tie or self-tapping screw
- Left & right-hand variants for maximum strength

Usage Instructions

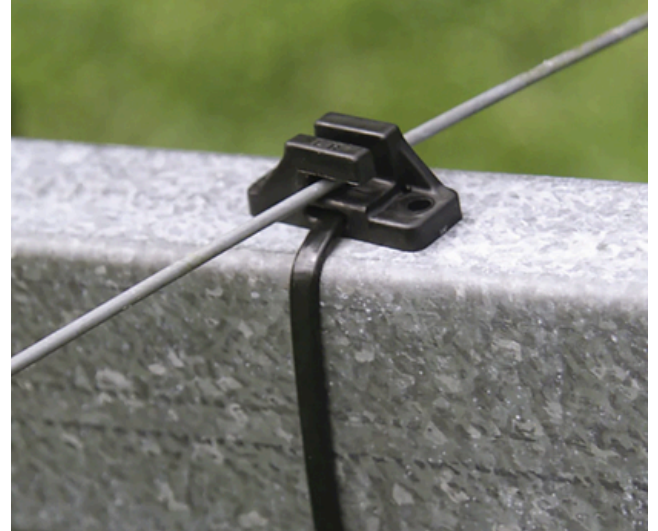

- Place clip on beam; fix with screw or cable tie; lay wire into saddle.

Storage & Handling

- Seal bags when not in use; if storing long-term add a little water and reseal to maintain flexibility.
